The references of record do not teach the limitations "the insulating interlayer having a contact hole, going through the insulating interlayer, that is at least partially disposed directly on the first conductive layer", "the contact hole extending beyond either an edge of the first conductive layer or an edge of the second conductive layer in

plan view" and "the first conductive layer entirely overlapping the contact hole and the second conductive layer partially overlapping the contact hole in plan view; and one of the first conductive layer and the second conductive layer extending parallel to one another at a predetermined pitch" in a device structure having conductive layers overlapping a contact hole through an insulating layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
